Important Influenza Notification

Please be aware that we have a large number of Influenza A cases in the school. Influenza is a highly contagious respiratory illness caused by influenza viruses. Influenza is spread from person to person through coughing or sneezing.

Symptoms usually involve fever and chills, coughing, sore throat and runny or stuffy nose, muscle aches, joint pains, headaches and fatigue, nausea, vomiting and diarrhoea (more common in children than adults). It is important to seek medical advice if the following symptoms occur: shortness of breath or rapid breathing, chest pain, confusion or sudden dizziness, persistent vomiting.

A child with symptoms of Influenza should remain at home until they are well.

Good hygiene is the best way to prevent infection. We are revising good hygiene procedures with the children, including:

- Thorough handwashing
- Cough or sneeze into your elbow rather than your hands
- Bin a tissue straight after use and then wash your hands thoroughly with soap and water.

We ask that you follow up these good hygiene procedures at home.

STEAM in the Environment

Over the last two weeks students at Wollongbar Public School have taken STEAM and Engineering out into the playground. During break times students have been building villages from natural resources found in the playground.

This is much more than students playing with sticks and gravel. They are designing, testing and refining their ideas to build intricate villages. Students have developed a system to trade natural resources that are located within or around their own village.

The students are very proud of their creations and are eager to share their designs and excitement with teachers and their peers. Their imagination is endless and we encourage you to take a look at the villages during our Book Character Parade Picnic tomorrow.

Social Media & Online Safety Information Session

On Monday 19 August Senior Constable Struan Presgrave, our local Youth Liaison Officer, spoke to Stage 3 students. He covered topics such as bullying, social media and online safety.

Senior Constable Presgrave will be holding an information session for all parents and carers at Wollongbar Public School on Monday 2 September at 6pm. He will cover the topics discussed with the Stage 3 students and provide additional information for parents and carers.

We want to make sure that we have the right venue (Classroom or Hall?) and enough seating so we ask that you return RSVP slips to attend the information session. They will be sent home on Monday 26 August 2019 and will be due back to the classroom teacher by Friday 30 August 2019.

We Need Your Help!

As the drought continues out west and our farmers are struggling, the WPS SRC have decided to help toward the Drought Appeal.

Families are asked to donate non-perishable food items that are in date and not in rusty cans. All food donations are welcome as well as pet foods, toiletries and laundry products.

So let's get together and show our farmers they are not forgotten, they are appreciated and maybe we can lift their spirits during this hard time they are going through.

Students, please bring in all donations to your classroom by September 13th. Each class will count their donation items, the class with the most items by the cut off date will be the ice-block winners of the drive.

Remember, every little bit counts so let's get involved!
